i am a truck driver over the road the xm radio has help out a lot on the road condecution weather,and the traffic. when going in a big city that has the traffic i will turn it on and see if there a wreck or traffic back up and if there is i can a another rount to get my load to the warehouse that am going to.
so we deed you to oppose HR 4026 These channles dose up the us drivers alot more than people think it does
